# Where did #ADOS come from?

Russian bots?

ToneTalks?

Online Marketing Experts?

The 'Official' Story  
Antonio Moore created a hashtag  
that magically went viral.  
This is possible.  
But very unlikely.

The mainstream conspiracy theory:  
Russian Bots created it.  
This is very unlikely.

The Blexit Fund Think Tank conspiracy theory:  
One or two marketing experts created it.  
They gave it to Antonio Moore to post.  
They use a proven strategy to control the  
narrative and make money.

**IS THIS THE  
TRUE  
MASTERMIND  
BEHIND THE  
#ADOS  
MOVEMENT?**

**CALL 513-696-6654 TO TALK  
ABOUT IT.**

## **Proven record of online marketing hype:**

- ★ **Black Wealth Bootcamp**
- ★ **Black Stock trading**
- ★ **Black cryptocurrency investing**
- ★ **Wacoinda (Lamar Wilson)**
- ★ **Koinda**
- ★ **Fly Nubian Sisters**
- ★ **The Green Rush**
- ★ **Many more that get no traction.**

# Why does it matter where #ADOS came from?

It doesn't matter in the Tweets.  
It does matter in the streets.

# The online pro-#ADOS movement online exists on **ONLY** Twitter and Facebook.

Search Google for #ADOS.

Mostly negative articles.

Very little activity/support.

Looks like internet hype to get donations  
and sell tickets to conferences.

**The problem is the fact the BLACK  
SURVIVAL PARTY was founded on  
a pro-#ADOS platform.**

**We exist in the real-world.**

**We cannot be connected to any shady characters.**

**We are the ONLY organization in America that  
Is actively planning for the next 100 years of  
Black Survival in America.**

# BSIP

THE BLACK SURVIVAL PARTY

**Our official position:**

**We will gladly work with anyone who supports the idea of  
empowering the American Descendants of Slaves.**

**We do NOT support the online #ADOS narrative of waiting  
for the Democrats to pass bills.**
